| Kategorie                | Antikörper                                                                                                                                                                                                                                                                 |
| Applikation              | IHC-P                                                                                                                                                                                                                                                                      |
| Spezies Reaktivität      | Human                                                                                                                                                                                                                                                                      |
| Immunogen                | Recombinant full-length human protein was used as the immunogen for the S100 calcium binding protein A11 antibody.                                                                                                                                                         |
| Produktbeschreibung      | S100A11 is a Ca <sup>2+</sup> -binding protein of the S100 family. The proteins comprising the S-100 protein family have two EF-hand structures per molecule of protein. Expression of these family members occurs primarily in neurons or retinal photoreceptor cells,... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                                 |
| Klon-Bezeichnung         | [S100A11/7394]                                                                                                                                                                                                                                                             |
| UniProt                  | <a href="#">P31949</a>                                                                                                                                                                                                                                                     |

|                        |                                                                                                           |
|------------------------|-----------------------------------------------------------------------------------------------------------|
| Reinheit               | Protein A/G affinity                                                                                      |
| Formulierung           | 0.2 mg/ml in 1X PBS with 0.1 mg/ml BSA (US sourced), 0.05% sodium azide                                   |
| Antibody Type          | Primary Antibody                                                                                          |
| Application Verdünnung | Immunohistochemistry (FFPE): 1-2ug/ml for 30 min at RT                                                    |
| Anwendungsbeschreibung | Optimal dilution of the S100 calcium binding protein A11 antibody should be determined by the researcher. |
