| Wirt                     | Mouse                                                                                                                                                                                                                                                         |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | ELISA                                                                                                                                                                                                                                                         |
| Spezies Reaktivität      | Human                                                                                                                                                                                                                                                         |
| Immunogen                | A recombinant partial protein sequence (within amino acids 250-450) from the human protein was used as the immunogen for the Secretogranin I antibody.                                                                                                        |
| Produktbeschreibung      | Chromogranins (secretogranins) are acidic glycoproteins that localize within secretory granules of endocrine, neuroendocrine and neuronal tissue. Family members include chromogranin A (Chr-A), chromogranin B (Chr-B, also known as secretogranin I) chr... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                    |
| Klon-Bezeichnung         | [CHGB/4560]                                                                                                                                                                                                                                                   |
| UniProt                  | <a href="#">P05060</a>                                                                                                                                                                                                                                        |

|                        |                                                                                          |
|------------------------|------------------------------------------------------------------------------------------|
| Reinheit               | Protein A/G affinity                                                                     |
| Formulierung           | 0.2 mg/ml in 1X PBS with 0.1 mg/ml BSA (US sourced), 0.05% sodium azide                  |
| Antibody Type          | Primary Antibody                                                                         |
| Application Verdünnung | ELISA (Order BSA-free format for coating)                                                |
| Anwendungsbeschreibung | Optimal dilution of the Secretogranin I antibody should be determined by the researcher. |
