| Hersteller               | NSJ Bioreagents                                                                                                                                                                                                                                               |
| Wirt                     | Rabbit                                                                                                                                                                                                                                                        |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | IHC-P                                                                                                                                                                                                                                                         |
| Spezies Reaktivität      | Human                                                                                                                                                                                                                                                         |
| Immunogen                | A recombinant fragment (within amino acids 410-440) of human Clusterin protein was used as the immunogen for the recombinant Apolipoprotein J antibody.                                                                                                       |
| Produktbeschreibung      | Clusterin, also designated complement lysis inhibitor (CLI), apolipoprotein J (APOJ), sulfated glycoprotein 2 (SGP2), SP40 and testosterone-repressed prostate message 2 (TRPM2), is a secretory, heterodimeric glycoprotein that influences immune regula... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                    |
| Klon-Bezeichnung         | [CLU/9192R]                                                                                                                                                                                                                                                   |
| UniProt                  | <a href="#">P10909</a>                                                                                                                                                                                                                                        |

|                        |                                                                                                       |
|------------------------|-------------------------------------------------------------------------------------------------------|
| Reinheit               | Protein A/G affinity                                                                                  |
| Formulierung           | 1 mg/ml in 1X PBS, BSA free, sodium azide free                                                        |
| Antibody Type          | Primary Antibody                                                                                      |
| Application Verdünnung | Immunohistochemistry (FFPE): 1-2ug/ml                                                                 |
| Anwendungsbeschreibung | Optimal dilution of the recombinant Apolipoprotein J antibody should be determined by the researcher. |
