Mesothelial Cell Antibody, Clone: [HBME-1], Mouse, Monoclonal NSJ-V5833S-0.5ML

Artikelname	Mesothelial Cell Antibody, Clone: [HBME-1], Mouse, Monoclonal
Artikelnummer	NSJ-V5833S-0.5ML
Hersteller Artikelnummer	V5833S-0.5ML
Alternativnummer	NSJ-V5833S-0.5ML
Hersteller	NSJ Bioreagents
Wirt	Mouse
Kategorie	Antikörper
Applikation	IF, IHC-P
Spezies Reaktivität	Human
Immunogen	Human mesothelioma cells from patients with malignant epithelial mesothelioma were used as the immunogen for the Mesothelial Cell antibody.
Produktbeschreibung	This antibody reacts with an unknown antigen on microvilli of mesothelioma cells. It stains normal mesothelial cells as well as epithelial mesotheliomas in a thick membrane pattern due to abundant lung microvilli on the surface of these cells.Mesothe...
Klonalität	Monoclonal
Klon-Bezeichnung	[HBME-1]
Formulierung	Bioreactor concentrate with 0.05% sodium azide
Antibody Type	Primary Antibody

Application Verdünnung	Immunofluorescence: 1:100-1:200,Immunohistochemistry (FFPE): 1:100-1:200
Anwendungsbeschreibung	Optimal dilution of the Mesothelial Cell antibody should be determined by the researcher.
