| Hersteller               | NSJ Bioreagents                                                                                                                                                                                                                                               |
| Wirt                     | Mouse                                                                                                                                                                                                                                                         |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | ELISA                                                                                                                                                                                                                                                         |
| Spezies Reaktivität      | Human                                                                                                                                                                                                                                                         |
| Immunogen                | Recombinant full-length human DSC2 protein was used as the immunogen for this recombinant Desmocollin 2/3 antibody.                                                                                                                                           |
| Produktbeschreibung      | Desmosomes are intercellular adhering junctions that represent cell surface attachment sites for intermediate filament. The desmosome is subdivided into two regions. The plaque region lies adjacent to the plasma, and is believed to contain molecules ... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                    |
| Klon-Bezeichnung         | [rDSC2/3437]                                                                                                                                                                                                                                                  |
| UniProt                  | <a href="#">Q02487</a>                                                                                                                                                                                                                                        |

|                        |                                                                                                      |
|------------------------|------------------------------------------------------------------------------------------------------|
| Reinheit               | Protein G affinity chromatography                                                                    |
| Formulierung           | 0.2 mg/ml in 1X PBS with 0.1 mg/ml BSA (US sourced) and 0.05% sodium azide                           |
| Antibody Type          | Primary Antibody                                                                                     |
| Application Verdünnung | ELISA (order BSA-free format for coating)                                                            |
| Anwendungsbeschreibung | Optimal dilution of the recombinant Desmocollin 2/3 antibody should be determined by the researcher. |
