| Hersteller               | NSJ Bioreagents                                                                                                                                                                                                                                               |
| Wirt                     | Mouse                                                                                                                                                                                                                                                         |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | IHC-P, WB                                                                                                                                                                                                                                                     |
| Spezies Reaktivität      | Human                                                                                                                                                                                                                                                         |
| Immunogen                | A portion of amino acids 73-187 was used as the immunogen for the recombinant GZMB antibody.                                                                                                                                                                  |
| Produktbeschreibung      | Granzyme B is a member of the granule serine protease family stored specifically in NK cells or cytotoxic T cells. Cytolytic T lymphocytes (CTL) and natural killer (NK) cells share the ability to recognize, bind, and lyse specific target cells. They ... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                    |
| Klon-Bezeichnung         | [rGZMB/6740]                                                                                                                                                                                                                                                  |
| UniProt                  | <a href="#">P10144</a>                                                                                                                                                                                                                                        |

|                        |                                                                                           |
|------------------------|-------------------------------------------------------------------------------------------|
| Reinheit               | Protein A/G affinity                                                                      |
| Formulierung           | 1 mg/ml in 1X PBS, BSA free, sodium azide free                                            |
| Antibody Type          | Primary Antibody                                                                          |
| Application Verdünnung | Western blot: 1-2ug/ml,Immunohistochemistry (FFPE): 1-2ug/ml                              |
| Anwendungsbeschreibung | Optimal dilution of the recombinant GZMB antibody should be determined by the researcher. |
