| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | IHC-P                                                                                                                                                                                                                                                         |
| Spezies Reaktivität      | Human                                                                                                                                                                                                                                                         |
| Immunogen                | A portion of amino acids 21-153 was used as the immunogen for the IL-2 antibody.                                                                                                                                                                              |
| Produktbeschreibung      | Interleukin-2 (IL-2) is a T cell stimulatory cytokine that induces T cell proliferation and NK cell proliferation and activation. Produced by T-cells in response to antigenic or mitogenic stimulation, this protein is required for T-cell proliferation... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                    |
| Klon-Bezeichnung         | [IL2/3950]                                                                                                                                                                                                                                                    |
| UniProt                  | <a href="#">P60568</a>                                                                                                                                                                                                                                        |
| Reinheit                 | Protein A/G affinity                                                                                                                                                                                                                                          |

|                        |                                                                               |
|------------------------|-------------------------------------------------------------------------------|
| Formulierung           | 1 mg/ml in 1X PBS, BSA free, sodium azide free                                |
| Antibody Type          | Primary Antibody                                                              |
| Application Verdünnung | Immunohistochemistry (FFPE): 1-2ug/ml                                         |
| Anwendungsbeschreibung | Optimal dilution of the IL-2 antibody should be determined by the researcher. |
