| Hersteller               | NSJ Bioreagents                                                                                                                                                                                                                                              |
| Wirt                     | Mouse                                                                                                                                                                                                                                                        |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                   |
| Applikation              | IHC-P                                                                                                                                                                                                                                                        |
| Spezies Reaktivität      | Human                                                                                                                                                                                                                                                        |
| Immunogen                | Recombinant full-length human protein was used as the immunogen for the recombinant PMEL17 antibody.                                                                                                                                                         |
| Produktbeschreibung      | The gp100 molecule is a 100kDa glycosylated protein that is cleaved into a small (26kDa) carboxy-terminal fragment and a larger amino-terminal section (60 64 kDa), which is subsequently cleaved to generate 26kDa and 34 38kDa fragments. By immunohist... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                   |
| Klon-Bezeichnung         | [rPMEL17/6821]                                                                                                                                                                                                                                               |
| UniProt                  | <a href="#">P40967</a>                                                                                                                                                                                                                                       |

|                        |                                                                                             |
|------------------------|---------------------------------------------------------------------------------------------|
| Reinheit               | Protein A/G affinity                                                                        |
| Formulierung           | 1 mg/ml in 1X PBS, BSA free, sodium azide free                                              |
| Antibody Type          | Primary Antibody                                                                            |
| Application Verdünnung | Immunohistochemistry (FFPE): 1-2ug/ml                                                       |
| Anwendungsbeschreibung | Optimal dilution of the recombinant PMEL17 antibody should be determined by the researcher. |
