| Hersteller               | NSJ Bioreagents                                                                                                                                                                                                                     |
| Wirt                     | Mouse                                                                                                                                                                                                                               |
| Kategorie                | Antikörper                                                                                                                                                                                                                          |
| Applikation              | IHC-P, WB                                                                                                                                                                                                                           |
| Spezies Reaktivität      | Human                                                                                                                                                                                                                               |
| Immunogen                | A portion of amino acids1-200 was used as the immunogen for the SERPINB5 antibody.                                                                                                                                                  |
| Produktbeschreibung      | MASPIN/SERPINB5 is structurally a serine protease inhibitor (serpin) that was initially isolated from normal human mammary epithelial cells. Serpins are a family of proteins that inhibit Chymotrypsin-like serine proteinases.... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                          |
| Klon-Bezeichnung         | [SERPINB5/4979]                                                                                                                                                                                                                     |
| UniProt                  | <a href="#">P36952</a>                                                                                                                                                                                                              |

|                        |                                                                                   |
|------------------------|-----------------------------------------------------------------------------------|
| Reinheit               | Protein A/G affinity                                                              |
| Formulierung           | 0.2 mg/ml in 1X PBS with 0.1 mg/ml BSA (US sourced), 0.05% sodium azide           |
| Antibody Type          | Primary Antibody                                                                  |
| Application Verdünnung | Western blot: 1-2ug/ml,Immunohistochemistry (FFPE): 1-2ug/ml                      |
| Anwendungsbeschreibung | Optimal dilution of the SERPINB5 antibody should be determined by the researcher. |
