| Hersteller               | Antibodies Incorporated                                                                                                                                                                                                                                       |
| Wirt                     | Mouse                                                                                                                                                                                                                                                         |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | ELISA, ICC, IHC, WB                                                                                                                                                                                                                                           |
| Spezies Reaktivität      | Human, Mouse, Rat                                                                                                                                                                                                                                             |
| Immunogen                | Fusion protein amino acids 20-271 (extracellular N-terminus) of rat NR2B (accession number Q00960) produced recombinantly in E. Coli                                                                                                                          |
| Konjugation              | Unconjugated                                                                                                                                                                                                                                                  |
| Produktbeschreibung      | Our carrier-free Anti-GluN2B/NR2B glutamate receptor mouse monoclonal primary antibody from NeuroMab is produced in-house from hybridoma clone N59/36. It is KO validated, detects human, mouse, and rat GluN2B/NR2B glutamate receptor, and is purified b... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                    |
| Konzentration            | 1 mg/mL                                                                                                                                                                                                                                                       |

|                        |                                              |
|------------------------|----------------------------------------------|
| Klon-Bezeichnung       | [N59/36]                                     |
| Molekulargewicht       | 166 kDa                                      |
| Isotyp                 | IgG2b                                        |
| UniProt                | <a href="#">Q00960</a>                       |
| Puffer                 | PBS                                          |
| Target-Kategorie       | GluN2B/NR2B glutamate receptor               |
| Antibody Type          | Primary Antibody                             |
| Anwendungsbeschreibung | Format: Purified by Protein A chromatography |
