| Immunogen                | Synthetic peptide amino acids 2-18 (AAAIASSLIRQKRQARE) of human<br>FHF2A (accession number Q92913)                                                                                                                                                          |
| Konjugation              | FL594                                                                                                                                                                                                                                                       |
| Produktbeschreibung      | Our Anti-Pan-FHF-A mouse monoclonal primary antibody from<br>NeuroMab is produced in-house from hybridoma clone N235/22. It<br>detects human, mouse, and rat Pan-FHF-A, and is purified by Protein<br>A chromatography. It is great for use in IHC, ICC.... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                  |
| Konzentration            | 0.5 mg/mL                                                                                                                                                                                                                                                   |

|                  |                        |
|------------------|------------------------|
| Klon-Bezeichnung | [N235/22]              |
| Molekulargewicht | 30 kDa                 |
| Isotyp           | IgG2b                  |
| UniProt          | <a href="#">Q92913</a> |
| Puffer           | PBS with 0.09% azide   |
| Target-Kategorie | Pan-FHF-A              |
| Antibody Type    | Primary Antibody       |
