| Hersteller               | Antibodies Incorporated                                                                                                                                                                                                              |
| Wirt                     | Mouse                                                                                                                                                                                                                                |
| Kategorie                | Antikörper                                                                                                                                                                                                                           |
| Applikation              | ICC, IHC                                                                                                                                                                                                                             |
| Spezies Reaktivität      | Mouse, Rat                                                                                                                                                                                                                           |
| Immunogen                | Fusion protein amino acids 538-626 (SH3 domain) of rat Shank3 (accession number Q9JLU4) produced recombinantly in E. Coli                                                                                                            |
| Konjugation              | FL650                                                                                                                                                                                                                                |
| Produktbeschreibung      | Our Anti-Shank3 mouse monoclonal primary antibody from NeuroMab is produced in-house from hybridoma clone N367/62. It detects mouse and rat Shank3, and is purified by Protein A chromatography. It is great for use in IHC, ICC.... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                           |
| Konzentration            | 0.5 mg/mL                                                                                                                                                                                                                            |

|                        |                                              |
|------------------------|----------------------------------------------|
| Klon-Bezeichnung       | [N367/62]                                    |
| Molekulargewicht       | 190 kDa                                      |
| Isotyp                 | IgG2a                                        |
| UniProt                | <a href="#">Q9JLU4</a>                       |
| Puffer                 | PBS with 0.09% azide                         |
| Target-Kategorie       | Shank3                                       |
| Antibody Type          | Primary Antibody                             |
| Anwendungsbeschreibung | Format: Purified by Protein A chromatography |
