| Spezies Reaktivität      | Human                                                                                                                                                                                                                                                         |
| Konjugation              | Unconjugated                                                                                                                                                                                                                                                  |
| Produktbeschreibung      | Within the IL18 receptor complex, does not mediate IL18-binding, but involved in IL18-dependent signal transduction, leading to NF-kappa-B and JNK activation (PubMed:9792649, PubMed:14528293, PubMed:25500532). May play a role in IL18-mediated IFNG sy... |
| Konzentration            | 200 ug/mL (prior to lyoph)                                                                                                                                                                                                                                    |
| Molekulargewicht         | 46.32kDa                                                                                                                                                                                                                                                      |
| Tag                      | N-terminal His and GST Tag                                                                                                                                                                                                                                    |
