| Hersteller               | Aviva                                                                                                                                                                                                                 |
| Wirt                     | Rabbit                                                                                                                                                                                                                |
| Kategorie                | Proteine/Peptide                                                                                                                                                                                                      |
| Applikation              | IHC, WB                                                                                                                                                                                                               |
| Spezies Reaktivität      | Bovine, Canine, Equine, Guinea pig, Human, Mouse, Rabbit, Rat                                                                                                                                                         |
| Immunogen                | The immunogen is a synthetic peptide directed towards the N terminal region of human ZMYND11                                                                                                                          |
| Produktbeschreibung      | ZMYND11 was first identified by its ability to bind the adenovirus E1A protein. The protein localizes to the nucleus. It functions as a transcriptional repressor, and expression of E1A inhibits this repression.... |
| Klonalität               | Polyclonal                                                                                                                                                                                                            |
| Konzentration            | 1.0 mg/ml                                                                                                                                                                                                             |
| Molekulargewicht         | 40kDa                                                                                                                                                                                                                 |
| NCBI                     | <a href="#">10771</a>                                                                                                                                                                                                 |

|              |                                                                                                   |
|--------------|---------------------------------------------------------------------------------------------------|
| UniProt      | <a href="#">Q6PJR5</a>                                                                            |
| Formulierung | Liquid. Purified antibody supplied in 1x PBS buffer with 0.09% (w/v) sodium azide and 2% sucrose. |
