| Hersteller               | Aviva                                                                                                                                                                                        |
| Wirt                     | Rabbit                                                                                                                                                                                       |
| Kategorie                | Proteine/Peptide                                                                                                                                                                             |
| Applikation              | IHC, WB                                                                                                                                                                                      |
| Spezies Reaktivität      | Bovine, Canine, Equine, Guinea pig, Human, Mouse, Porcine, Rabbit, Rat, Zebrafish                                                                                                            |
| Immunogen                | The immunogen is a synthetic peptide directed towards the middle region of human CLIC5                                                                                                       |
| Produktbeschreibung      | CLIon Channel5 specifically associates with the cytoskeleton of placenta microvilli. CLIon Channel-5A has a role as a chloride channel in vitro and binds to cortical actin cytoskeleton.... |
| Klonalität               | Polyclonal                                                                                                                                                                                   |
| Konzentration            | 1.0 mg/ml                                                                                                                                                                                    |
| Molekulargewicht         | 47 kDa                                                                                                                                                                                       |
| NCBI                     | <a href="#">53405</a>                                                                                                                                                                        |

|              |                                                                                                   |
|--------------|---------------------------------------------------------------------------------------------------|
| UniProt      | <a href="#">Q9NZA1</a>                                                                            |
| Formulierung | Liquid. Purified antibody supplied in 1x PBS buffer with 0.09% (w/v) sodium azide and 2% sucrose. |
