| Applikation              | WB                                                                                                                                                                                                                                                            |
| Spezies Reaktivität      | Human                                                                                                                                                                                                                                                         |
| Immunogen                | The immunogen is a synthetic peptide directed towards the middle region of human ZNF254                                                                                                                                                                       |
| Produktbeschreibung      | ZNF254 is a Zinc Finger protein. Zinc finger proteins have been shown to interact with nucleic acids and to have diverse functions. The zinc finger domain is a conserved amino acid sequence motif containing 2 specifically positioned cysteines and 2 h... |
| Klonalität               | Polyclonal                                                                                                                                                                                                                                                    |
| Konzentration            | 0.5 mg/ml                                                                                                                                                                                                                                                     |
| Molekulargewicht         | 42kDa                                                                                                                                                                                                                                                         |
