| Kategorie                | Proteine/Peptide                                                                                                                                                                                                                                              |
| Applikation              | IHC, WB                                                                                                                                                                                                                                                       |
| Spezies Reaktivität      | Bovine, Canine, Human, Rabbit, Rat                                                                                                                                                                                                                            |
| Immunogen                | The immunogen is a synthetic peptide directed towards the C terminal region of human RNF14                                                                                                                                                                    |
| Produktbeschreibung      | RNF14 contains a RING zinc finger, a motif known to be involved in protein-protein interactions. This protein interacts with androgen receptor (AR) and may function as a coactivator that induces AR target gene expression in prostate. A dominant negat... |
| Klonalität               | Polyclonal                                                                                                                                                                                                                                                    |
| Konzentration            | 1.0 mg/ml                                                                                                                                                                                                                                                     |
| Molekulargewicht         | 52kDa                                                                                                                                                                                                                                                         |
