## Product Datasheet

### FTO Recombinant Antibody [8M13] (ATM00001), Rabbit, Monoclonal ASB-ATM00001

|                          |                                                                |
|--------------------------|----------------------------------------------------------------|
| Artikelname              | FTO Recombinant Antibody [8M13] (ATM00001), Rabbit, Monoclonal |
| Artikelnummer            | ASB-ATM00001                                                   |
| Hersteller Artikelnummer | ATM00001                                                       |
| Alternativnummer         | ASB-ATM00001-100UG                                             |
| Hersteller               | Aviva                                                          |
| Wirt                     | Rabbit                                                         |
| Kategorie                | Antikörper                                                     |
| Applikation              | IF                                                             |
| Spezies Reaktivität      | Human                                                          |
| Immunogen                | Recombinant Human FTO aa328-505                                |
| Klonalität               | Monoclonal                                                     |
| Konzentration            | 1 mg/mL                                                        |
| Klon-Bezeichnung         | [8M13]                                                         |
| Molekulargewicht         | 58.3 kDa                                                       |
| NCBI                     | <a href="#">79068</a>                                          |
| UniProt                  | <a href="#">Q9C0B1-1</a>                                       |
| Formulierung             | PBS w/ 0.09% sodium azide                                      |

|                        |                                                                                                                                                                                                                                                                |
|------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Application Verdünnung | RNA demethylase that mediates oxidative demethylation of different RNA species, such as mRNAs, tRNAs and snRNAs, and acts as a regulator of fat mass, adipogenesis and energy homeostasis (PubMed:22002720, PubMed:26458103, PubMed:28002401, PubMed:30197295, |
