| Alternativnummer         | ASB-OAAB04492-400UL                                                                                                                                                    |
| Hersteller               | Aviva                                                                                                                                                                  |
| Wirt                     | Rabbit                                                                                                                                                                 |
| Kategorie                | Proteine/Peptide                                                                                                                                                       |
| Applikation              | FC, IHC, WB                                                                                                                                                            |
| Spezies Reaktivität      | Human                                                                                                                                                                  |
| Immunogen                | This IGHAI antibody is generated from rabbits immunized with a KLH conjugated synthetic peptide between 257-286 amino acids from the C-terminal region of human IGHAI. |
| Klonalität               | Polyclonal                                                                                                                                                             |
| Konzentration            | Approximately 0.5mg/ml. Actual concentration varies with each lot.                                                                                                     |
| Molekulargewicht         | 37655 Da                                                                                                                                                               |
| NCBI                     | <a href="#">3493</a>                                                                                                                                                   |
| UniProt                  | <a href="#">P01876</a>                                                                                                                                                 |

|              |                                                                                                                                                                                           |
|--------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Formulierung | Purified polyclonal antibody supplied in PBS with 0.09% (W/V) sodium azide. This antibody is prepared by Saturated Ammonium Sulfate (SAS) precipitation followed by dialysis against PBS. |
