| Artikelname              | Goat Anti-Clik1 / STK35 Antibody, Polyclonal                                                                                          |
| Artikelnummer            | ASB-OAEB02379                                                                                                                         |
| Hersteller Artikelnummer | OAEB02379                                                                                                                             |
| Alternativnummer         | ASB-OAEB02379-100UG                                                                                                                   |
| Hersteller               | Aviva                                                                                                                                 |
| Wirt                     | Goat                                                                                                                                  |
| Kategorie                | Antikörper                                                                                                                            |
| Applikation              | IHC, WB                                                                                                                               |
| Spezies Reaktivität      | Bovine, Canine, Human, Mouse, Porcine, Rat                                                                                            |
| Immunogen                | STK35                                                                                                                                 |
| Klonalität               | Polyclonal                                                                                                                            |
| Konzentration            | 0.5 mg/ml                                                                                                                             |
| Molekulargewicht         | 58.1                                                                                                                                  |
| NCBI                     | <a href="#">140901, 67333</a>                                                                                                         |
| Reinheit                 | Purified from goat serum by ammonium sulphate precipitation followed by antigen affinity chromatography using the immunizing peptide. |

|              |                                                                                                                                                            |
|--------------|------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Formulierung | Supplied at 0.5 mg/ml in Tris saline, 0.02% sodium azide, pH7.3 with 0.5% bovine serum albumin. Aliquot and store at -20AC. Minimize freezing and thawing. |
