| Alternativnummer         | ASB-OAEE00966-100TESTS(T100)                                                                                                                                                                                                                                  |
| Hersteller               | Aviva                                                                                                                                                                                                                                                         |
| Wirt                     | Mouse                                                                                                                                                                                                                                                         |
| Kategorie                | Proteine/Peptide                                                                                                                                                                                                                                              |
| Applikation              | FC                                                                                                                                                                                                                                                            |
| Spezies Reaktivität      | Bovine, Canine, Equine, Gallus, Guinea pig, Human, Mouse, Porcine, Primate, Rabbit, Rat                                                                                                                                                                       |
| Immunogen                | Synthetic peptide corresponding to C terminal amino acids 208-222 of human CD79a                                                                                                                                                                              |
| Konjugation              | APC                                                                                                                                                                                                                                                           |
| Produktbeschreibung      | Required in cooperation with CD79B for initiation of the signal transduction cascade activated by binding of antigen to the B-cell antigen receptor complex (BCR) which leads to internalization of the complex, trafficking to late endosomes and antigen... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                    |
| Klon-Bezeichnung         | [HM47]                                                                                                                                                                                                                                                        |
| Isotyp                   | IgG1                                                                                                                                                                                                                                                          |

|              |                                                                         |
