| Artikelnummer            | ASB-OAGA05363                                                                                                                                                                                                                                                 |
| Hersteller Artikelnummer | OAGA05363                                                                                                                                                                                                                                                     |
| Alternativnummer         | ASB-OAGA05363-100UL                                                                                                                                                                                                                                           |
| Hersteller               | Aviva                                                                                                                                                                                                                                                         |
| Wirt                     | Rabbit                                                                                                                                                                                                                                                        |
| Kategorie                | Proteine/Peptide                                                                                                                                                                                                                                              |
| Applikation              | WB                                                                                                                                                                                                                                                            |
| Spezies Reaktivität      | Human                                                                                                                                                                                                                                                         |
| Immunogen                | Recombinant protein encompassing a sequence within the N-terminus region of human MOCOS. The exact sequence is proprietary.                                                                                                                                   |
| Produktbeschreibung      | This gene encodes an enzyme that sulfurates the molybdenum cofactor which is required for activation of the xanthine dehydrogenase (XDH) and aldehyde oxidase (AO) enzymes. XDH catalyzes the conversion of hypoxanthine to uric acid via xanthine, as wel... |
| Klonalität               | Polyclonal                                                                                                                                                                                                                                                    |
| Konzentration            | 1 mg/ml                                                                                                                                                                                                                                                       |
| NCBI                     | <a href="#">55034</a>                                                                                                                                                                                                                                         |

|              |                                                                                  |
