| Hersteller               | Aviva                                                                                                                                                                                                                                   |
| Wirt                     | Mouse                                                                                                                                                                                                                                   |
| Kategorie                | Proteine/Peptide                                                                                                                                                                                                                        |
| Applikation              | IF, WB                                                                                                                                                                                                                                  |
| Spezies Reaktivität      | Human                                                                                                                                                                                                                                   |
| Immunogen                | The immunogen for anti-GAPDH antibody: anti-human GAPDH mAb, is derived from hybridization of mouse F0 myeloma cells with spleen cells from BALB/c mice immunized with recombinant human GAPDH amino acids 1-335 purified from E. coli. |
| Produktbeschreibung      | Mouse Anti Human Glyceraldehyde-3-Phosphate Dehydrogenase...                                                                                                                                                                            |
| Klonalität               | Monoclonal                                                                                                                                                                                                                              |
| Klon-Bezeichnung         | [PAT8G4AT]                                                                                                                                                                                                                              |
| NCBI                     | <a href="#">2597</a>                                                                                                                                                                                                                    |
| Reinheit                 | GAPDH antibody was purified from mouse ascitic fluids by protein-G affinity chromatography.                                                                                                                                             |

|              |                                                     |
|--------------|-----------------------------------------------------|
| Formulierung | 1mg/ml containing PBS, pH-7.4, & 0.1% Sodium Azide. |
