## Product Datasheet

### SARS-CoV Spike Antibody ASB-OAPB00218

Artikelname	SARS-CoV Spike Antibody
Artikelnummer	ASB-OAPB00218
Hersteller Artikelnummer	OAPB00218
Alternativnummer	ASB-OAPB00218-0.1MG
Hersteller	Aviva
Wirt	Rabbit
Kategorie	Proteine/Peptide
Applikation	ELISA
Spezies Reaktivität	Virus
Immunogen	Anti-SARS-CoV Spike antibody (3225) was raised against a peptide corresponding to 15 amino acids near the center of SARS-CoV Spike glycoprotein. The immunogen is located within amino acids 650-700 of SARS-CoV Spike.
Konjugation	Unconjugated
Produktbeschreibung	Spike protein S1: attaches the virion to the cell membrane by interacting with host receptor, initiating the infection (By similarity). Binding to human ACE2 and CLEC4M/DC-SIGNR receptors and internalization of the virus into the endosomes of the hos...
Klonalität	Polyclonal
Konzentration	1 mg/ml

NCBI	<a href="#">1489668</a>
Formulierung	Liquid. SARS-CoV Spike antibody is supplied in PBS containing 0.02% sodium azide.
