| Applikation              | WB                                                                                                                                                                                                                                                                   |
| Spezies Reaktivität      | Human, Mouse                                                                                                                                                                                                                                                         |
| Immunogen                | Synthesized peptide derived from human Rad17 around the phosphorylation site of S645. Location: 590-670aa.                                                                                                                                                           |
| Produktbeschreibung      | The protein encoded by this gene is highly similar to the gene product of <i>Schizosaccharomyces pombe</i> rad17, a cell cycle checkpoint gene required for cell cycle arrest and DNA damage repair in response to DNA damage. This protein shares strong similar... |
| Klonalität               | Polyclonal                                                                                                                                                                                                                                                           |
| Konzentration            | 1 mg/ml                                                                                                                                                                                                                                                              |
| Molekulargewicht         | 77 kDa                                                                                                                                                                                                                                                               |
