| Hersteller Artikelnummer | OASG06760                                                                                                                                                                                                                                                     |
| Alternativnummer         | ASB-OASG06760-100UL                                                                                                                                                                                                                                           |
| Hersteller               | Aviva                                                                                                                                                                                                                                                         |
| Wirt                     | Rabbit                                                                                                                                                                                                                                                        |
| Kategorie                | Proteine/Peptide                                                                                                                                                                                                                                              |
| Applikation              | IF, IHC, WB                                                                                                                                                                                                                                                   |
| Spezies Reaktivität      | Human, Mouse                                                                                                                                                                                                                                                  |
| Immunogen                | Synthesized peptide derived from human Sox-9 around the non-phosphorylation site of S181. Location: 120-200aa.                                                                                                                                                |
| Produktbeschreibung      | The protein encoded by this gene recognizes the sequence CCTTGAG along with other members of the HMG-box class DNA-binding proteins. It acts during chondrocyte differentiation and, with steroidogenic factor 1, regulates transcription of the anti-Muel... |
| Klonalität               | Polyclonal                                                                                                                                                                                                                                                    |
| Konzentration            | 1 mg/ml                                                                                                                                                                                                                                                       |
| Molekulargewicht         | 56 kDa                                                                                                                                                                                                                                                        |
| NCBI                     | <a href="#">6662</a>                                                                                                                                                                                                                                          |

|              |                                                                                  |
|--------------|----------------------------------------------------------------------------------|
| Formulierung | Liquid. 1 mg/mL in PBS containing 50% glycerol, 0.5% BSA and 0.02% sodium azide. |
