| Spezies Reaktivität      | Human, Mouse, Rat                                                                                                                                                                                                                                             |
| Immunogen                | Synthesized peptide derived from human Sp1 around the phosphorylation site of T453. Location: 390-470aa.                                                                                                                                                      |
| Produktbeschreibung      | The protein encoded by this gene is a zinc finger transcription factor that binds to GC-rich motifs of many promoters. The encoded protein is involved in many cellular processes, including cell differentiation, cell growth, apoptosis, immune response... |
| Klonalität               | Polyclonal                                                                                                                                                                                                                                                    |
| Konzentration            | 1 mg/ml                                                                                                                                                                                                                                                       |
| Molekulargewicht         | 90 kDa                                                                                                                                                                                                                                                        |
| NCBI                     | <a href="#">6667</a>                                                                                                                                                                                                                                          |

|              |                                                                                  |
|--------------|----------------------------------------------------------------------------------|
| Formulierung | Liquid. 1 mg/mL in PBS containing 50% glycerol, 0.5% BSA and 0.02% sodium azide. |
