| Hersteller Artikelnummer | ES6503                                                                                                                                                                                                                                                        |
| Alternativnummer         | EBT-ES6503-50, EBT-ES6503-100                                                                                                                                                                                                                                 |
| Hersteller               | ELK Biotechnology                                                                                                                                                                                                                                             |
| Wirt                     | Rabbit                                                                                                                                                                                                                                                        |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | ELISA, WB                                                                                                                                                                                                                                                     |
| Spezies Reaktivität      | Human, Monkey, Mouse, Rat                                                                                                                                                                                                                                     |
| Immunogen                | The antiserum was produced against synthesized peptide derived from human ZDHHC2. AA range:61-110                                                                                                                                                             |
| Produktbeschreibung      | catalytic activity:Palmitoyl-CoA + protein-cysteine = S-palmitoyl protein + CoA.,disease:Mutations in ZDHHC2 are found in hepatocellular carcinoma and colorectal cancer.,domain:The DHHC domain is required for palmitoyltransferase activity.,function:P... |
| Klonalität               | Polyclonal                                                                                                                                                                                                                                                    |
| Konzentration            | 1 mg/ml                                                                                                                                                                                                                                                       |
| Molekulargewicht         | 42kD                                                                                                                                                                                                                                                          |
| NCBI                     | <a href="#">51201</a>                                                                                                                                                                                                                                         |

|                        |                                                                                     |
