| Hersteller               | Nordic BioSite                                                                                                                                                                                                                             |
| Kategorie                | Proteine/Peptide                                                                                                                                                                                                                           |
| Immunogen                | Recombinant Mouse CD117/c-kit Protein is produced by HEK293 cells expression system. The target protein is expressed with sequence (Ser25-Thr523) of mouse CD117/c-kit (Accession NP_001116205.1) fused with a raFc tag at the C-terminus. |
| Konjugation              | Unconjugated                                                                                                                                                                                                                               |
