| Artikelname              | Anti-Glucose Transporter GLUT1/SLC2A1 Antibody Picoband Fluoro488 Conjugated, Rabbit, Polyclonal                                                                                   |
| Artikelnummer            | BOB-PB9435-FLUORO488                                                                                                                                                               |
| Hersteller Artikelnummer | PB9435-Fluoro488                                                                                                                                                                   |
| Alternativnummer         | BOB-PB9435-FLUORO488-100UG                                                                                                                                                         |
| Hersteller               | Boster Bio                                                                                                                                                                         |
| Wirt                     | Rabbit                                                                                                                                                                             |
| Kategorie                | Antikörper                                                                                                                                                                         |
| Applikation              | FC                                                                                                                                                                                 |
| Spezies Reaktivität      | Human, Mouse, Rat                                                                                                                                                                  |
| Immunogen                | E.coli-derived human SLC2A1 recombinant protein (Position: R92-V492). Human SLC2A1 shares 98% and 98.3% amino acid (aa) sequence identity with mouse and rat SLC2A1, respectively. |
| Klonalität               | Polyclonal                                                                                                                                                                         |
| Molekulargewicht         | Calculated Molecular Weight: 54084 MW                                                                                                                                              |
| NCBI                     | <a href="#">6513</a>                                                                                                                                                               |
| UniProt                  | <a href="#">P11166</a>                                                                                                                                                             |
| Puffer                   | Each vial contains 50% glycerol, 0.9% NaCl, 0.2% Na <sub>2</sub> HPO <sub>4</sub> , 0.02% Na <sub>3</sub> .                                                                        |

|                        |                                                                   |
|------------------------|-------------------------------------------------------------------|
| Reinheit               | Immunogen affinity purified.                                      |
| Formulierung           | Liquid                                                            |
| Target-Kategorie       | Solute carrier family 2, facilitated glucose transporter member 1 |
| Application Verdünnung | Flow Cytometry, 1-3µg/1x10 <sup>6</sup> cells                     |
