| Produktbeschreibung      | Butaperazine Dihydrochloride, is a derivative of Perazine (P285800). It has antipsychotic potencies used as antipsychotic drug. Molecular Formula: C <sub>24</sub> H <sub>31</sub> N <sub>3</sub> OS .2HCl Solubility: DMSO (Slightly), Methanol (Slightly), Water (Slightly) Molecular Weight: 4... |
| Molekulargewicht         | 409.5923646                                                                                                                                                                                                                                                                                          |
| Formulierung             | Supplied as a Light Yellow to Yellow Solid                                                                                                                                                                                                                                                           |
