| Kategorie                | Molekularbiologie                                                                                                                                                                                                                                                         |
| Produktbeschreibung      | S100A14 is a member of a subfamily of proteins related by EF-hand Ca <sup>2+</sup> binding protein superfamily. The extracellular functions of the S-100 family may include the ability to enhance neurite outgrowth, involvement in inflammation, and motility of tum... |
