| Hersteller               | US Biological                                                                                                                                                                                                                                                 |
| Wirt                     | Goat                                                                                                                                                                                                                                                          |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | ELISA                                                                                                                                                                                                                                                         |
| Immunogen                | Recombinant protein corresponding to full-length Zika Virus NS1.                                                                                                                                                                                              |
| Produktbeschreibung      | In 1947, the mosquito-borne Zika virus (ZIKV) was first isolated from a rhesus monkey in the Zika forest of Uganda. In 1968, isolation from human hosts occurred in residents of Nigeria. Multiple studies have confirmed ZIKV antibody in humans from a m... |
| Reinheit                 | Purified by caprylic acid and ammonium sulfate fractionation.                                                                                                                                                                                                 |
| Formulierung             | Supplied as a liquid in PBS, pH 7.4, 0.09% sodium azide.                                                                                                                                                                                                      |
