| Produktbeschreibung      | Biotin is a small molecule involved in a wide range of metabolic processes. This ligand forms a complex with Avidin and Streptavidin, resulting in the strongest non-covalent protein-ligand interaction known. Biotinylated Hippeastrum hybrid Lectin (HH... |
| Reinheit                 | Affinity Purified                                                                                                                                                                                                                                             |
| Formulierung             | Supplied as a liquid. Labeled with Biotin.                                                                                                                                                                                                                    |
