| Artikelname              | ACE2, CT (Angiotensin-converting Enzyme 2, ACE-related Carboxypeptidase, Angiotensin-converting Enzyme Homolog, ACEH, Metalloprotease MPROT15, Processed Angiotensin-converting Enzyme 2, UNQ868/PRO1885), Rabbit                                             |
| Artikelnummer            | USB-A2295-02D5                                                                                                                                                                                                                                                |
| Hersteller Artikelnummer | A2295-02D5                                                                                                                                                                                                                                                    |
| Alternativnummer         | USB-A2295-02D5-200                                                                                                                                                                                                                                            |
| Hersteller               | US Biological                                                                                                                                                                                                                                                 |
| Wirt                     | Rabbit                                                                                                                                                                                                                                                        |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | ELISA, IHC, WB                                                                                                                                                                                                                                                |
| Immunogen                | KLH-conjugated synthetic peptide mapping to a fragment of residues within amino acids 773-805 in the C-terminal region of human ACE2..                                                                                                                        |
| Produktbeschreibung      | ACE2 cDNA encodes a deduced 805aa protein containing a potential 17aa N-terminal signal peptide and a putative 22aa C-terminal membrane anchor. It also possesses a zinc metalloprotease consensus sequence and a conserved glutamine residue that may fun... |
| NCBI                     | <a href="#">068576</a>                                                                                                                                                                                                                                        |

|              |                                                  |
|--------------|--------------------------------------------------|
| UniProt      | <a href="#">Q9BYF1</a>                           |
| Reinheit     | Purified by ammonium sulfate precipitation       |
| Formulierung | Supplied as a liquid in PBS, 0.09% sodium azide. |
