| Hersteller Artikelnummer | C5042-01M                                                                                                                                                                                                                                                        |
| Alternativnummer         | USB-C5042-01M-200                                                                                                                                                                                                                                                |
| Hersteller               | US Biological                                                                                                                                                                                                                                                    |
| Wirt                     | Rabbit                                                                                                                                                                                                                                                           |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                       |
| Applikation              | ELISA                                                                                                                                                                                                                                                            |
| Immunogen                | Synthetic peptide corresponding to aa46-69 of human CCK.                                                                                                                                                                                                         |
| Produktbeschreibung      | Applications: Suitable for use in ELISA. Other applications not tested.<br>Recommended Dilutions: ELISA: 1:6400, 156ng/ml Optimal dilutions to be determined by the researcher. Amino Acid Sequence: Val-Ser-Gln-Arg-Thr-Asp-Gly-Glu-Ser-Arg-Ala-His-Leu-Gly-... |
| Reinheit                 | Purified by Protein A affinity chromatography.                                                                                                                                                                                                                   |
| Formulierung             | Supplied as a lyophilized powder from PBS. Reconstitute with 106ul PBS and 94ul sterile dH2O.                                                                                                                                                                    |
