| Hersteller Artikelnummer | I0706-90B                                                                                                                                                                                                                                                     |
| Alternativnummer         | USB-I0706-90B-100                                                                                                                                                                                                                                             |
| Hersteller               | US Biological                                                                                                                                                                                                                                                 |
| Wirt                     | Goat                                                                                                                                                                                                                                                          |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | ELISA, IHC, WB                                                                                                                                                                                                                                                |
| Immunogen                | Synthetic peptide corresponding to C-KHFRFRDLEEDP, from the internal region of human IDS (NP_000193.1)                                                                                                                                                        |
| Produktbeschreibung      | Iduronate-2-sulfatase is required for the lysosomal degradation of heparan sulfate and dermatan sulfate. Mutations in this X-chromosome gene that result in enzymatic deficiency lead to the sex-linked Mucopolysaccharidosis Type II, also known as Hunte... |
| NCBI                     | <a href="#">000193</a>                                                                                                                                                                                                                                        |
| Reinheit                 | Purified by Immunoaffinity chromatography                                                                                                                                                                                                                     |
| Formulierung             | Supplied as a liquid in Tris-saline, pH 7.3, 0.5% BSA, 0.02% sodium azide.                                                                                                                                                                                    |
