Rat Progesterone (PROG) ELISA Kit ASC-KTE100414

Artikelname	Rat Progesterone (PROG) ELISA Kit
Artikelnummer	ASC-KTE100414
Hersteller Artikelnummer	KTE100414
Alternativnummer	ASC-KTE100414-48, ASC-KTE100414-96
Hersteller	Abbkine Scientific
Kategorie	Kits/Assays
Applikation	ELISA
Spezies Reaktivität	Rat

Anwendungsbeschreibung

This Rat Progesterone (PROG) ELISA Kit employs a two-site sandwich ELISA to quantitate PROG in samples. An antibody specific for PROG has been pre-coated onto a microplate. Standards and samples are pipetted into the wells and any PROG present is bound by the immobilized antibody. After removing any unbound substances, a biotin-conjugated antibody specific for PROG is added to the wells. After washing, Streptavidin conjugated Horseradish Peroxidase (HRP) is added to the wells. Following a wash to remove any unbound avidin-enzyme reagent, a substrate solution is added to the wells and color develops in proportion to the amount of PROG bound in the initial step. The color development is stopped and the intensity of the color is measured.
