Human Ubiquitin B (UBB) ELISA Kit ASC-KTE60105

Artikelname	Human Ubiquitin B (UBB) ELISA Kit
Artikelnummer	ASC-KTE60105
Hersteller Artikelnummer	KTE60105
Alternativnummer	ASC-KTE60105-48, ASC-KTE60105-96
Hersteller	Abbkine Scientific
Kategorie	Kits/Assays
Applikation	ELISA
Spezies Reaktivität	Human
Produktbeschreibung	This Human Ubiquitin B (UBB) ELISA Kit employs a two-site sandwich ELISA to quantitate UBB....
Detektionsbereich	Please inquire
Sensitivitaet	Please inquire
Tag	UBB
NCBI	281370
UniProt	P0CG53
Proben	Cell culture supernatantsSerumPlasmaOther biological fluids

Anwendungsbeschreibung	This Human Ubiquitin B (UBB) ELISA Kit employs a two-site sandwich ELISA to quantitate UBB in samples. An antibody specific for UBB has been pre-coated onto a microplate. Standards and samples are pipetted into the wells and any UBB present is bound by the immobilized antibody. After removing any unbound substances, a biotin-conjugated antibody specific for UBB is added to the wells. After washing, Streptavidin conjugated Horseradish Peroxidase (HRP) is added to the wells. Following a wash to remove any unbound avidin-enzyme reagent, a substrate solution is added to the wells and color develops in proportion to the amount of UBB bound in the initial step. The color development is stopped and the intensity of the color is measured.
