Human Thrombus precursor protein (TpP) ELISA Kit ASC-KTE60146

Artikelname	Human Thrombus precursor protein (TpP) ELISA Kit
Artikelnummer	ASC-KTE60146
Hersteller Artikelnummer	KTE60146
Alternativnummer	ASC-KTE60146-48, ASC-KTE60146-96
Hersteller	Abbkine Scientific
Kategorie	Kits/Assays
Applikation	ELISA
Spezies Reaktivität	Human

Tag	TpP
Proben	Cell culture supernatantsSerumPlasmaOther biological fluids

Anwendungsbeschreibung

This Human Thrombus precursor protein (TpP) ELISA Kit employs a two-site sandwich ELISA to quantitate TpP in samples. An antibody specific for TpP has been pre-coated onto a microplate. Standards and samples are pipetted into the wells and any TpP present is bound by the immobilized antibody. After removing any unbound substances, a biotin-conjugated antibody specific for TpP is added to the wells. After washing, Streptavidin conjugated Horseradish Peroxidase (HRP) is added to the wells. Following a wash to remove any unbound avidin-enzyme reagent, a substrate solution is added to the wells and color develops in proportion to the amount of TpP bound in the initial step. The color development is stopped and the intensity of the color is measured.
