### Human Tumor protein p53-inducible protein 11 (TP53I11) ELISA Kit ASC-KTE60154

Artikelname	Human Tumor protein p53-inducible protein 11 (TP53I11) ELISA Kit
Artikelnummer	ASC-KTE60154
Hersteller Artikelnummer	KTE60154
Alternativnummer	ASC-KTE60154-48, ASC-KTE60154-96
Hersteller	Abbkine Scientific
Kategorie	Kits/Assays
Applikation	ELISA
Spezies Reaktivität	Human
Produktbeschreibung	This Human Tumor protein p53-inducible protein 11 (TP53I11) ELISA Kit employs a two-site sandwich ELISA to quantitate TP53I11....

Anwendungsbeschreibung

This Human Tumor protein p53-inducible protein 11 (TP53I11) ELISA Kit employs a two-site sandwich ELISA to quantitate TP53I11 in samples. An antibody specific for TP53I11 has been pre-coated onto a microplate. Standards and samples are pipetted into the wells and any TP53I11 present is bound by the immobilized antibody. After removing any unbound substances, a biotin-conjugated antibody specific for TP53I11 is added to the wells. After washing, Streptavidin conjugated Horseradish Peroxidase (HRP) is added to the wells. Following a wash to remove any unbound avidin-enzyme reagent, a substrate solution is added to the wells and color develops in proportion to the amount of TP53I11 bound in the initial step. The color development is stopped and the intensity of the color is measured.
