### Human Tumor necrosis factor receptor superfamily member 19 (TNFRSF19) ELISA Kit ASC-KTE60217

Artikelname	Human Tumor necrosis factor receptor superfamily member 19 (TNFRSF19) ELISA Kit
Artikelnummer	ASC-KTE60217
Hersteller Artikelnummer	KTE60217
Alternativnummer	ASC-KTE60217-48, ASC-KTE60217-96
Hersteller	Abbkine Scientific
Kategorie	Kits/Assays
Applikation	ELISA
Spezies Reaktivität	Human

Anwendungsbeschreibung

This Human Tumor necrosis factor receptor superfamily member 19 (TNFRSF19) ELISA Kit employs a two-site sandwich ELISA to quantitate TNFRSF19 in samples. An antibody specific for TNFRSF19 has been pre-coated onto a microplate. Standards and samples are pipetted into the wells and any TNFRSF19 present is bound by the immobilized antibody. After removing any unbound substances, a biotin-conjugated antibody specific for TNFRSF19 is added to the wells. After washing, Streptavidin conjugated Horseradish Peroxidase (HRP) is added to the wells. Following a wash to remove any unbound avidin-enzyme reagent, a substrate solution is added to the wells and color develops in proportion to the amount of TNFRSF19 bound in the initial step. The color development is stopped and the intensity of the color is measured.
