Human Thioredoxin-related transmembrane protein 2 (TMX2) ELISA Kit ASC-KTE60241

Artikelname	Human Thioredoxin-related transmembrane protein 2 (TMX2) ELISA Kit
Artikelnummer	ASC-KTE60241
Hersteller Artikelnummer	KTE60241
Alternativnummer	ASC-KTE60241-48, ASC-KTE60241-96
Hersteller	Abbkine Scientific
Kategorie	Kits/Assays
Applikation	ELISA
Spezies Reaktivität	Human

Proben	Cell culture supernatantsSerumPlasmaOther biological fluids

Anwendungsbeschreibung

This Human Thioredoxin-related transmembrane protein 2 (TMX2) ELISA Kit employs a two-site sandwich ELISA to quantitate TMX2 in samples. An antibody specific for TMX2 has been pre-coated onto a microplate. Standards and samples are pipetted into the wells and any TMX2 present is bound by the immobilized antibody. After removing any unbound substances, a biotin-conjugated antibody specific for TMX2 is added to the wells. After washing, Streptavidin conjugated Horseradish Peroxidase (HRP) is added to the wells. Following a wash to remove any unbound avidin-enzyme reagent, a substrate solution is added to the wells and color develops in proportion to the amount of TMX2 bound in the initial step. The color development is stopped and the intensity of the color is measured.
