### Human Thymosin beta-15A (TMSB15A) ELISA Kit ASC-KTE60251

Artikelname	Human Thymosin beta-15A (TMSB15A) ELISA Kit
Artikelnummer	ASC-KTE60251
Hersteller Artikelnummer	KTE60251
Alternativnummer	ASC-KTE60251-48, ASC-KTE60251-96
Hersteller	Abbkine Scientific
Kategorie	Kits/Assays
Applikation	ELISA
Spezies Reaktivität	Human

Anwendungsbeschreibung

This Human Thymosin beta-15A (TMSB15A) ELISA Kit employs a two-site sandwich ELISA to quantitate TMSB15A in samples. An antibody specific for TMSB15A has been pre-coated onto a microplate. Standards and samples are pipetted into the wells and any TMSB15A present is bound by the immobilized antibody. After removing any unbound substances, a biotin-conjugated antibody specific for TMSB15A is added to the wells. After washing, Streptavidin conjugated Horseradish Peroxidase (HRP) is added to the wells. Following a wash to remove any unbound avidin-enzyme reagent, a substrate solution is added to the wells and color develops in proportion to the amount of TMSB15A bound in the initial step. The color development is stopped and the intensity of the color is measured.
