### Human Delta (14)-sterol reductase (TM7SF2) ELISA Kit ASC-KTE60302

Artikelname	Human Delta (14)-sterol reductase (TM7SF2) ELISA Kit
Artikelnummer	ASC-KTE60302
Hersteller Artikelnummer	KTE60302
Alternativnummer	ASC-KTE60302-48, ASC-KTE60302-96
Hersteller	Abbkine Scientific
Kategorie	Kits/Assays
Applikation	ELISA
Spezies Reaktivität	Human

Anwendungsbeschreibung

This Human Delta (14)-sterol reductase (TM7SF2) ELISA Kit employs a two-site sandwich ELISA to quantitate TM7SF2 in samples. An antibody specific for TM7SF2 has been pre-coated onto a microplate. Standards and samples are pipetted into the wells and any TM7SF2 present is bound by the immobilized antibody. After removing any unbound substances, a biotin-conjugated antibody specific for TM7SF2 is added to the wells. After washing, Streptavidin conjugated Horseradish Peroxidase (HRP) is added to the wells. Following a wash to remove any unbound avidin-enzyme reagent, a substrate solution is added to the wells and color develops in proportion to the amount of TM7SF2 bound in the initial step. The color development is stopped and the intensity of the color is measured.
