## Product Datasheet

### Human Shadow of prion protein (SPRN) ELISA Kit ASC-KTE60345

Artikelname	Human Shadow of prion protein (SPRN) ELISA Kit
Artikelnummer	ASC-KTE60345
Hersteller Artikelnummer	KTE60345
Alternativnummer	ASC-KTE60345-48, ASC-KTE60345-96
Hersteller	Abbkine Scientific
Kategorie	Kits/Assays
Applikation	ELISA
Spezies Reaktivität	Human

Anwendungsbeschreibung

This Human Shadow of prion protein (SPRN) ELISA Kit employs a two-site sandwich ELISA to quantitate SPRN in samples. An antibody specific for SPRN has been pre-coated onto a microplate. Standards and samples are pipetted into the wells and any SPRN present is bound by the immobilized antibody. After removing any unbound substances, a biotin-conjugated antibody specific for SPRN is added to the wells. After washing, Streptavidin conjugated Horseradish Peroxidase (HRP) is added to the wells. Following a wash to remove any unbound avidin-enzyme reagent, a substrate solution is added to the wells and color develops in proportion to the amount of SPRN bound in the initial step. The color development is stopped and the intensity of the color is measured.
