Human Serglycin (SRGN) ELISA Kit ASC-KTE60357

Artikelname	Human Serglycin (SRGN) ELISA Kit
Artikelnummer	ASC-KTE60357
Hersteller Artikelnummer	KTE60357
Alternativnummer	ASC-KTE60357-48, ASC-KTE60357-96
Hersteller	Abbkine Scientific
Kategorie	Kits/Assays
Applikation	ELISA
Spezies Reaktivität	Human
Produktbeschreibung	This Human Serglycin (SRGN) ELISA Kit employs a two-site sandwich ELISA to quantitate SRGN....

Proben	Cell culture supernatantsSerumPlasmaOther biological fluids

Anwendungsbeschreibung

This Human Serglycin (SRGN) ELISA Kit employs a two-site sandwich ELISA to quantitate SRGN in samples. An antibody specific for SRGN has been pre-coated onto a microplate. Standards and samples are pipetted into the wells and any SRGN present is bound by the immobilized antibody. After removing any unbound substances, a biotin-conjugated antibody specific for SRGN is added to the wells. After washing, Streptavidin conjugated Horseradish Peroxidase (HRP) is added to the wells. Following a wash to remove any unbound avidin-enzyme reagent, a substrate solution is added to the wells and color develops in proportion to the amount of SRGN bound in the initial step. The color development is stopped and the intensity of the color is measured.
