Human Protein phosphatase Slingshot homolog 2 (SSH2) ELISA Kit ASC-KTE60367

Artikelname	Human Protein phosphatase Slingshot homolog 2 (SSH2) ELISA Kit
Artikelnummer	ASC-KTE60367
Hersteller Artikelnummer	KTE60367
Alternativnummer	ASC-KTE60367-48, ASC-KTE60367-96
Hersteller	Abbkine Scientific
Kategorie	Kits/Assays
Applikation	ELISA
Spezies Reaktivität	Human
Produktbeschreibung	This Human Protein phosphatase Slingshot homolog 2 (SSH2) ELISA Kit employs a two-site sandwich ELISA to quantitate SSH2....

Proben	Cell culture supernatantsSerumPlasmaOther biological fluids

Anwendungsbeschreibung

This Human Protein phosphatase Slingshot homolog 2 (SSH2) ELISA Kit employs a two-site sandwich ELISA to quantitate SSH2 in samples. An antibody specific for SSH2 has been pre-coated onto a microplate. Standards and samples are pipetted into the wells and any SSH2 present is bound by the immobilized antibody. After removing any unbound substances, a biotin-conjugated antibody specific for SSH2 is added to the wells. After washing, Streptavidin conjugated Horseradish Peroxidase (HRP) is added to the wells. Following a wash to remove any unbound avidin-enzyme reagent, a substrate solution is added to the wells and color develops in proportion to the amount of SSH2 bound in the initial step. The color development is stopped and the intensity of the color is measured.
