### Human Stress-induced-phosphoprotein 1 (STIP1) ELISA Kit ASC-KTE60387

Artikelname	Human Stress-induced-phosphoprotein 1 (STIP1) ELISA Kit
Artikelnummer	ASC-KTE60387
Hersteller Artikelnummer	KTE60387
Alternativnummer	ASC-KTE60387-48, ASC-KTE60387-96
Hersteller	Abbkine Scientific
Kategorie	Kits/Assays
Applikation	ELISA
Spezies Reaktivität	Human

Anwendungsbeschreibung

This Human Stress-induced-phosphoprotein 1 (STIP1) ELISA Kit employs a two-site sandwich ELISA to quantitate STIP1 in samples. An antibody specific for STIP1 has been pre-coated onto a microplate. Standards and samples are pipetted into the wells and any STIP1 present is bound by the immobilized antibody. After removing any unbound substances, a biotin-conjugated antibody specific for STIP1 is added to the wells. After washing, Streptavidin conjugated Horseradish Peroxidase (HRP) is added to the wells. Following a wash to remove any unbound avidin-enzyme reagent, a substrate solution is added to the wells and color develops in proportion to the amount of STIP1 bound in the initial step. The color development is stopped and the intensity of the color is measured.
