Human Steryl-sulfatase (STS) ELISA Kit ASC-KTE60396

Artikelname	Human Steryl-sulfatase (STS) ELISA Kit
Artikelnummer	ASC-KTE60396
Hersteller Artikelnummer	KTE60396
Alternativnummer	ASC-KTE60396-48, ASC-KTE60396-96
Hersteller	Abbkine Scientific
Kategorie	Kits/Assays
Applikation	ELISA
Spezies Reaktivität	Human

Proben	Cell culture supernatantsSerumPlasmaOther biological fluids

Anwendungsbeschreibung

This Human Steryl-sulfatase (STS) ELISA Kit employs a two-site sandwich ELISA to quantitate STS in samples. An antibody specific for STS has been pre-coated onto a microplate. Standards and samples are pipetted into the wells and any STS present is bound by the immobilized antibody. After removing any unbound substances, a biotin-conjugated antibody specific for STS is added to the wells. After washing, Streptavidin conjugated Horseradish Peroxidase (HRP) is added to the wells. Following a wash to remove any unbound avidin-enzyme reagent, a substrate solution is added to the wells and color develops in proportion to the amount of STS bound in the initial step. The color development is stopped and the intensity of the color is measured.
